## **CUTE, FUNNY, AND 100% NON-THREATENING!**

Gay and lesbian TV characters are always good for a laugh because they don't use scary words like "equality" or "AIDS." But sticking to the script can be TOXIC!

## **HIS BODY IS NICER THAN YOURS!**

Few real human beings can live up to the standard of the buffed and plucked Prime-Time Gay. (Fake *L-Word* Hollywood Lipstick Lesbian sold separately.) Unrealistic body image is TOXIC!

## **DIMINISHED AND TOKENIZED!**

Executives and stockholders turned the Prime-Time Gay into a TV star, but would they attend his wedding in real life? Would his viewers? Tokenism is TOXIC!

## **NOW MORE PROFITABLE THAN EVER!**

The companies behind the Prime-Time Gay are often the same companies donating millions to anti-gay politicians. Dirty money is TOXIC!
